Our **Automatic Paper Cup Making Machine** is the rugged frame which weighs up to 2 tonnes which results in less noise and vibration. All parts used in our paper cup machine are 100% Indian which helps to work without any hassle and our quality gearbox provides accurate positioning and timing. Our paper cup machines are supposed to work without any issues for more than a decade under a clean maintenance.

**Advantages:**

- 100% Indian machine with high-quality Indian spares & components
- Based on advanced PLC (Program Logic Control) technology
- Spares availability anywhere in the world
- Wide network of experienced service engineers
- Very low downtime
- Rugged frame structure weighing 2000kgs
- Less rejection of paper cups
- Sensor based cut off system to reduce wastage & increase longevity of machine
- Mode of Operations: 1) Automatic Mode 2) Manual Mode
- The machine is customizable for either single or three phase power supply.

A perfect paper cup machine for making quality paper cups and paper plates to save the environment and save the future for the next generation. A problem free paper cup making the machine with high technological standards and easy maintenance. Feature to easily change the molds, multi-function error reporting system to find the production errors and a system to count the manufactured cups are a few advanced features of this machine.

**Photographs of items that u can make in this machine.**
